

2CLOUDNINE

Global leaders in pay and bill on Salesforce

2cloudnine's global enterprise pay and bill platform is designed specifically for staffing firms looking to grow. It reduces complexity and transforms the way you do business.

We integrate seamlessly with any recruitment and workforce management solutions on Salesforce – meeting your front, middle and back office needs in a single system.

An end-to-end platform that's fully connected

Because we're native to Salesforce, 2cloudnine connects your people, payroll and billing processes all on one platform.

Our platform creates a single source of truth for employee and customer data. It's more accurate and reliable, and much easier to manage compliance or changes in your business.

Innovation is inbuilt and, ultimately, it's a platform that enables you to provide better service more efficiently and increase profitably.
